Frontend Developer

Professional Summary

Front-End Developer with a strong foundation in modern web technologies including ReactJS, Next.js, and Tailwind CSS. Experienced in building scalable web applications, with additional knowledge in back-end development using Python, Django, and PostgreSQL. Passionate about creating user-centric, responsive interfaces and interactive front-end websites.
Languages: Arabic (Fluent), English (Excellent)

EXPERIENCE

information technology institute | ITI, Mansoura. *June 2023 – August 2023*
Full-Stack Development (Trainee)

- Gained hands-on experience with **HTML, CSS, Bootstrap, JavaScript (OOP), SQL/PostgreSQL, and Python/Django.**
- Developed a **Library Management System** as a full-stack project.

Transfective | Dubai
Front-End Developer (full-time remotely) *July 2024 – January 2025*

- Led frontend development and UI/UX design for ***TransHub***, a localization and translation platform that automated core operations and streamlined workflows—from project initiation to delivery and quotation—reducing delivery time by 50% and significantly increasing efficiency.
- Architected responsive interfaces for two enterprise systems (***TransHub*** and ***Transfective HR***, an internal employee management system), enhancing client workflow efficiency and overall user experience.
- Collaborated with a cross-functional team of 5, working closely with backend developers to deliver scalable, end-to-end solutions with a strong focus on performance and usability.

EDUCATION

- **Faculty of Computers and Artificial Intelligence | Damietta University – Egypt**
- **GPA: 3.26 (Ranked 16 in Computer Science Department)**

COURSES AND CERTIFICATES

- Full-Stack Web Development (Django) - Information Technology Institute (ITI) *July 2023 – September 2023*
- Meta Introduction to Back-End Development - Coursera *February 2024 – March 2024*
- Meta Django Web Framework - Coursera *March 2023 – April 2023*
- Meta APIs - Coursera. *August 2024 – September 2024*

STUDENT LIFE AND VOLUNTEERISM

ACPC Club: Participated in the university's ACPC problem-solving club and competed in the ACPC contest.

PROJECTS

Nike E-Commerce Website Clone:
Built a responsive e-commerce web app featuring a dynamic hero section, interactive product cards, and modern UI optimized for desktop and mobile.
Technologies: ReactJS, Tailwind CSS.

PROVA 3D - Virtual Try-On Online Store:
Developed a full-stack e-commerce platform with an AR-based virtual try-on feature and sentiment analysis for product reviews. Integrated user authentication, cart management, product management and admin panel.
Technologies: Python, Django REST Framework, PostgreSQL, JWT tokens, React, scikit-learn, NLTK.

LMS - Library Management System:
Developed a full-stack web app with admin and student modules to manage books, users, and borrowing. Included authentication, role-based access, and an enhanced admin panel.
Technologies: HTML, CSS, JavaScript, bootstrap, python, PostgreSQL, Django.

TransHub - Localization & Translation Platform:
Developed the front-end of an enterprise level platform automating localization workflows for **Transfective**, enabling efficient project tracking and management from initiation to delivery and quotation.
Technologies: React, Next.js, Tailwind CSS, Shadcn/UI, Framer Motion.

Transfective HR - Internal Employee Management System:
Developed the front-end of an internal HR system to manage employee tasks, leave requests, interview processes,

and personnel data.
Technologies: React, Next.js, Tailwind CSS, Shadcn/UI, Framer Motion.

Coinat - Authentic Coins Marketplace:

Developed a premium marketplace for coin collectors with advanced search, filtering, theme switching, and smooth animations.
Technologies: Next.js, React, Tailwind CSS, GSAP, Framer Motion, Shadcn/UI, Lucide Icons.

Diabetes Classification website:

Developed a machine learning web app to predict diabetes risk using KNN, SVM, and Neural Network models, with a Flask-based interface for user interaction.
Technologies: Python, flask, Bootstrap, Machine Learning Libraries, scikit-learn.

TECHNICAL SKILLS

- **Frontend:** ReactJS, Next.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Framer Motion, GSAP
- **Backend:** Python, Django, Django REST Framework, JWT Authentication
- **Database:** PostgreSQL, MySQL, SQLite
- **Version Control & Deployment:** Git, GitHub, Vercel, Vite
- **API Development:** RESTful APIs, Axios, TanStack Query
- **Testing Tools:** Postman, Insomnia, Hoppscotch
- **UI/UX Design:** Figma, Canva, Adobe Photoshop
